

[illegible]

The technical drawing illustrates a balcony railing system. The main side elevation shows a decorative metal railing with vertical balusters and a curved top rail. Key dimensions and labels include:

- L<sub>kz</sub>1 - öntöttvas erkélyszegély**: Cast iron balcony edge.
- L<sub>kz</sub>2 - korlát merevítő visszafordítás**: Railing stiffener return.
- L<sub>ko</sub>1 - kovácsoltvas erkélykorlát 1 db mező**: Forged iron balcony railing 1 panel.
- L<sub>uk</sub>18 - új öntöttvas konzol**: New cast iron console.
- K2**: A specific material or finish code for the base plate.
- 2%**: Slope indicator for the base plate.
- 17**, **13**, **100**, **2185**: Various height and length dimensions in millimeters.

A detailed cross-section at the bottom right shows the railing's attachment to the wall, highlighting the concrete base, the mounting bracket, and the railing post. It includes a dimension of **13** mm for the gap between the railing and the wall.

Technical drawing of a balcony railing system, showing side and front views with dimensions and component labels.

**Side View (Top):**

- L<sub>ko</sub>3A** - felújított öntöttvas konzol (restored cast iron console)
